

PASSENGERS FRIGHTENED

Took Seats on Shady Side of the Steamer and Gave Her Dangerous Starboard List.

FIRE HOSE TURNED ON THEM

Heroic Measures Necessary to Properly Divide the Human Cargo and Save the Ship From Disaster.

Chicago, July 18.—Lack of the usual amount of waterballast and an exceptionally large crowd of passengers on the steamer Eastland combined to cause much uneasiness on the return trip from South Haven last night. When the homeward voyage was begun late in the afternoon, all the passengers tried to find seats on the shady side of the boat. This caused the steamer to list heavily to starboard. Members of the crew hastened to close the lower port holes, while many women secured life preservers and crowded to the steamer's rail. This caused the boat to settle further to starboard, and some of the passengers became thoroughly alarmed. The crew was at once mustered by the officers and an attempt was made to reason with the frightened men and women. The passengers refused to obey orders and finally, in order to drive them away from the rail, the fire hose was used. It proved effective and the crowd went to the lower deck.

The women were persuaded into the smoking rooms of the cabin and were reassured by the officers, while the men were talked to outside by other members of the crew. The ship held to its course despite the petitions of the passengers to turn round, and finally reached Chicago. Many of the women insisted on wearing life preservers until the vessel reached its dock.

SUIT FOR DAMAGES.

Seattle, July 18.—Chief of Police Thomas R. Delaney has been made defendant in a \$3000 damage action filed in the federal court by Mahesh Charan Sinha who was arrested July 8. The plaintiff is a Hindoo who is traveling through this country. He was arrested by Patrolman Kent on orders from the chief of police and locked up in the city jail. He was discharged the next morning by Police Judge George. He alleges that the imprisonment was malicious and without probable cause.

Sinha was arrested on complaint of Mrs. E. T. Pope, who lives on Queen Anne hill. She reported to the police that a man had attacked Miss Cora Tyner, a telephone operator living at her house. Mrs. Pope state that the man had followed the girl home on several occasions. The description of the man wanted fitted that of Sinha and he was arrested.

When the case came to trial the young woman stated that Sinha had not laid hands on her, but had merely followed her. Sinha lived in the vicinity of her home, and the fact that he walked home near the young lady on several occasions was shown to be merely a coincidence. Judge George discharged the defendant.

Sinha alleges that he was confined in a filthy and loathsome cell in the city jail, and that he was greatly humiliated. He says that he was not allowed to consult with the British vice consul, notwithstanding the fact that he asked permission to communicate with that official, stating that he was a British subject. E. H. James, at whose home Sinha was a guest when arrested, is representing the Hindoo.

Chief Delaney says he will fight the case to the last. He holds that he has a right to arrest a man on a description furnished by a citizen, and hold him on suspicion. The officers at the police station deny that the Hindoo asked to communicate with anyone.

Mrs. Pope was named as a defendant with Chief Delaney, as she made the complaint that resulted in the arrest. The National Surety Company, which gave the bond of Chief Delaney, is also made defendant.

DIED OF HIS INJURIES.

Chicago Man Who Was Beaten by Thugs Finally Succumbs.

Chicago, July 18.—Edward D. Bangs, superintendent of city lines for the Western Union Telegraph Company, who is supposed to have been beaten by thugs on the morning of November 28 of last year, is dead at his home, of concussion of the brain. Death was a direct result of the injury suffered in November. Mr. Bangs was found unconscious at La Salle and Van Buren

streets early on the morning of the supposed attack and the police, thinking him to be intoxicated, placed him in a cell, where he remained for several hours without medical attention. No clew has ever been found to the identity of his assailants. By some the theory was advanced that his injuries were sustained in a fall.

DUMONT WILL NOT RETURN.

Repairs to Balloon Could Not Be Made in Time for Race.

New York, July 18.—Santos Dumont, the aeronaut, has definitely decided not to return to America for the St. Louis airship competition, according to a Herald dispatch from Paris. There is only one firm, he says, who can repair the damage done to the envelope of his balloon by vandals. After an interview with the head of the firm, Santos Dumont announces that the repairs could not be made within six weeks or two months, leaving insufficient time to ship the balloon to St. Louis for a trial before the close of the World's Fair. Hereafter, he declares, he will limit his experiments to Paris.

HEADQUARTERS AT CHICAGO.

Windy City Will Be Storm Center for the Republicans.

Chicago, July 18.—Although Chairman George B. Cortelyou of the republican national committee will spend the greater portion of his time at the New York headquarters, to be near the president, the coming campaign will be conducted largely from Chicago.

As in 1896 and 1900 the main headquarters will be located in this city, rooms having been engaged at the Auditorium annex. Chairman Cortelyou and Secretary Dover are expected to arrive at Chicago on July 30 or 31 and open the headquarters on Monday, August 1.

FITZ SOON TO RETIRE.

Cornishman Says He's Getting Too Old To Be a Fighter.

New York, July 18.—Bob Fitzsimmons has announced that he will positively retire from the ring after his fight with Jack O'Brien. A four-act play has been written for the Cornishman and his wife, in which they both will appear next season.

"I'll leave the honors of the ring to the younger fellows," said Fitz, the other day. "My hands can not hold out much longer, and rather than run any danger of injuring them permanently, I have decided to leave the ring for good while my hands are yet in pretty fair shape. I intend to devote all my time to the stage.

"I may do a little boxing in my play, but it will not be much of an effort to me."

CITY OWNS NEWSPAPER.

Webster City, Ia., Will Publish Daily Journal of its Own.

Webster City, July 18.—Webster City's penchant for municipal ownership is to take a new form—that of a city-owned daily paper.

This departure in municipal enterprise probably has not a counterpart in the United States.

The paper is to be known as The Daily Graphic-Herald, and will be issued from the present office of The Weekly Graphic-Herald, the only democratic paper in Hamilton county.

Webster City began its career as a municipal ownership city many years ago. It first acquired possession of the water works. Next came the electric light and power plant. Then came the city heating plant.

Those which did not deal with military topics have been forwarded to St. Petersburg with the request that they be delivered to those to whom they were addressed.

Skin, Scalp and Blood Humours

From Pimples to Scrofula, from Infancy to Age

Speedily Cured by Cuticura when All Else Fails.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurements, as in acne and ringworm; the awful suffering of infants and anxiety of worn-out parents, as in milk crust, tetter and salt-rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures, blood purifiers and humour remedies of the civilized world.

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle. Poor Place for Bathing.

Wouldn't it be a wise act on the part of our city fathers to have our city water reservoir inclosed in a high board fence? It is far from pleasant to think that boys and thoughtless men may be bathing in our drinking water. Cle Elum Echo.
